PROFILE SUMMARY

Frontend / Software Engineer with experience building scalable and user-focused web applications using React, Next.js, and TypeScript. Experienced in AI-assisted and Vibe Coding workflows for feature development, debugging, refactoring, testing, and optimization, with hands-on experience using Cursor, Claude, GitHub Copilot, and Codex. Skilled in reviewing, validating, and improving AI-generated code to ensure quality, maintainability, performance, and security. Experienced in API integration and backend debugging, with a strong focus on responsive UI, UI/UX, code quality, and collaboration with product, design, and backend teams.

PROFESSIONAL EXPERIENCE

Software Engineer 02/2026 – Present
Rastaar Company Tehran

- Developed and maintained web features for an AI-driven animation and cinematic production platform using React and TypeScript.
- Used Vibe Coding and AI-assisted development workflows for feature implementation, debugging, refactoring, testing, and code optimization.
- Worked with AI development tools including Cursor, Claude, GitHub Copilot, and OpenAI Codex, while reviewing and validating generated code before integration.
- Built responsive user interfaces and contributed to UI/UX decisions to improve product workflows and user experience.
- Integrated frontend features with backend APIs and supported backend debugging and issue investigation.
- Developed and maintained automated tests using Jest and Playwright, including AI-assisted test development and validation.

Software Developer 12/2024 – 02/2026
Pardik Smart Home, Tehran Tehran

- Development of scalable web interfaces using React, TypeScript, and Next.js.
- Worked on performance optimization, responsive UI development, and collaboration with cross-functional teams to deliver user-focused smart home solutions.

Front-End Developer 03/2024 – 11/2024
Bluprint Company, Tehran Tehran

- Implemented responsive UI components and integrated frontend applications with backend services.
- Focused on code optimization, maintainability, and improving user experience.

Python Instructor 07/2021 – 09/2021
Dash Team, Tehran Tehran

- Taught foundational Python programming concepts and mentored beginner students.
- Prepared educational materials and structured learning content.

EDUCATION

Islamic Azad University, Tehran North Branch Tehran

Associate Degree in Civil Engineering 10/2020 – 12/2023
K. N. Toosi University of Technology (KNTU)

TECHNICAL SKILLS

Front-End Development
- React
- Next.js
- JavaScript
- TypeScript
- HTML
- CSS
- Tailwind CSS
- Material UI
- Bootstrap
- Vite
- Axios
- Zustand
- React Query

AI-Assisted Development
- Vibe Coding
- Cursor
- Claude
- GitHub Copilot
- OpenAI Codex
- AI-assisted Code Generation, Debugging, Refactoring & Code Review

Testing
- Jest
- Playwright
- Unit Testing
- End-to-End Testing
- AI-generated Code Validation

Programming Languages
- JavaScript
- TypeScript
- Python

Tools & Platforms
- Git
- GitHub
- GitLab
- Figma

Development Concepts
- Responsive Design
- Web Application Architecture
- Performance
- Optimization
- Clean Code

LANGUAGE PROFICIENCY

English
C1 (IELTS 7.5)

CERTIFICATIONS & TRAINING

Web Design Pack (150 Hours)
Tehran Institute of Technology

UI/UX (50 hours)
Tehran Institute of Technology

ADDITIONAL SKILLS

UI/UX Fundamentals
SCRUM Methodology
SEO Basics
Technical Teaching
